Pointe 7 Condos at Table Rock Lake offer great value, hassle-free fun near Branson

Just four hours' drive from St. Louis, the new Pointe 7 Condominiums on Missouri's Table Rock Lake, offer a second-home option with first-class amenities and a delightfully low cost of living.

There are three floor plans to choose from, and buyers can select a two-bedroom, three-bedroom or three-bedroom with loft layout. Granite countertops, stainless steel appliances, walk-in closets and private balconies or patios are just a few of the elegant touches that come standard. The development also features a beautiful setting, keyless entry garage space, and an outdoor, heated swimming pool.

Numerous university and private studies have cited the Branson area for its unique combination of world-class entertainment, natural beauty and moderate cost of living. With revenue from tourism a major factor in keeping taxes low, both the cost of living and the price of housing in Branson are very affordable. In fact, the overall cost of living in Branson is about 6 percent below the national average, according to the Branson Chamber of Commerce.

The Chamber also states that home prices in the Branson/Lakes Area average about 25 percent less than the national average. Many who relocate to the area cite the moderate housing market as a chief reason for their decision.

Pointe 7 Condominiums is located at Pointe 7, just south of the Kimberling City Bridge near Branson, MO. An area ripe with development, Pointe 7 offers owners a smart investment.

Nestled in the Ozark Mountains, the Branson area offers year-round entertainment and recreation. Table Rock Lake is a vacation paradise for fishing, boating, swimming and diving, with almost 800 miles of shoreline to explore.

Pointe 7 brings it all together with lakeside beauty and convenience, plus all the comforts of home. Home prices start at \$288,250.
